

# Microdermabrasion

Microdermabrasion treatments will combat the signs of ageing and improve sun-damaged skin.

Clairderm Microdermabrasion gently promotes new skin growth, by removing your old skin and leaving a healthier, smoother, brighter and firmer looking skin.

Fine lines will soften

Open pores will close and become firm.

The texture and smoothness of your skin will improve.

**Enhance microcirculation by bringing nutrients to the skin and making your skin glow.**

You will also increase the penetration of creams and serums by 4 to 5 times which means that your skincare will work far more effectively.

Your first Microdermabrasion treatment is being offered as a special promotion  
So you can see for yourself the amazing power of microdermabrasion.

Book your first session  
today and pay  
only \$55.
