

Premium Skincare Ingredients Used in Our Signature Facial

Our facial treatments are crafted with high-performance, professional-grade skincare. We focus on active ingredients known for their proven benefits—carefully selected to transform, balance, and protect your skin with every session.

Gentle Natural Exfoliation with AHA & Essential Oils

- Gently refines and smooths the skin without harsh abrasives
- AHA (Alpha Hydroxy Acids) promote healthy skin renewal and brightness
- Infused with essential oils to soothe and nourish as it exfoliates
- Leaves skin instantly softer, clearer, and ready to absorb nutrients

Enzyme Peel for Radiant, Smooth Skin

- Powered by fruit enzymes like papain and bromelain
- Dissolves dull, dead skin cells without scrubbing or irritation
- Ideal for sensitive, dehydrated, or tired-looking skin
- Reveals a fresher, more luminous complexion after just one use

Hydra-Calm Toner with Prebiotic Technology

- Restores skin's natural pH balance after cleansing
- Prebiotics support the skin's microbiome and natural defense barrier
- Soothes irritation and reduces redness
- Prepares the skin to absorb active serums and moisturisers effectively

Oxygenating Hydration Gel with Hyaluronic Acid

- Delivers intense hydration deep into the skin
- Boosts skin oxygenation to support natural renewal
- Calms inflammation and refreshes the skin instantly
- Perfect as a treatment gel for LED therapy or facial massage

Comfort Cream for Barrier Strength & Recovery

- Enriched with skin-balancing prebiotics and soothing botanicals
- Strengthens the skin barrier and locks in moisture

- • Reduces visible signs of stress, irritation, and dryness
- • Leaves skin feeling supple, protected, and calm post-treatment
